FEE STRUCTURE 2026

Dear Parents,

Please find below the School Fee Structure as adopted by the Board of Trustees of The Letaba Educational Trust on September 18, 2025.

We understand that sending your child to Stanford Lake College is a significant investment in their future. Our fees remain highly competitive compared to other similar schools and we are determined to continue making every effort to deliver top quality holistic education, focusing on academic growth, citizenship and the development of 21st Century skills in our pupils. To achieve this, we must also continue to invest in the right people, infrastructure and resources at our school.

Your Board of Trustees is acutely aware that the present economic conditions continue to place extreme pressure on many household finances. As we do each year, we have consulted closely with ISASA and have taken into consideration the Educational Price Index (EPI).

Tuition and boarding fees

We have once again worked extremely hard on the budget process and have increased the annual fees in line with our major cost drivers. As a result, the combined overall tuition and boarding fee increase for 2026 is 7,00%.

Debenture rental, capital development levy and extras

The Debenture rental fee will remain R6 000 for the year and the capital development levy will increase by 7,00% to R7 374. The only additional costs/fees that will be charged to the school fee account are textbook charges and specific pupil-related medical expenses.

Please note that all optional extras can be purchased through the online platform, Allxs, e.g. bus fares, uniforms, weekend tickets, tours, diaries, courses, etc.

Thank you for your continued support. We look forward to another successful year at Stanford Lake College in 2026.

Yours sincerely,

Mr. Shane Friedrichs
